

# Atmos InterSystem HE26

HEATING SYSTEMS

The Atmos InterSystem HE26 provides warmth and reliability. This high efficiency, sealed system boiler is for central heating. A hot water cylinder can be added to your InterSystem to give you all the hot water you need.

## Warmth is comfort

Whatever the weather, the InterSystem gives energy efficient comfort, carefully matching the heat to your needs.

## Reliable

The InterSystem is durable with a life expectancy of well over twenty years. Parts that need servicing have easy access. Frost protection is built in, so even in those winter days your InterSystem gives you peace of mind.

## Ready for the future

This high efficiency boiler can be used with thermal stores, and integrated with other renewable energy systems. You can also take advantage of smart heating controls that improve room comfort and increase efficiency.

## You choose

Suitable for use with modern underfloor heating or fully compatible with your radiators. Our versatile flue range also means you can find the perfect place to fit your boiler.

# More information...

-  **Fuel efficient**, soft start and fully modulating burner gives very efficient and quiet operation
-  **Condensing efficiency** to heat your home
-  **Flow temperature** can be set as low as 35° c, making it ideal for underfloor heating systems
-  **Flue kits** available for all types of installation make siting the boiler easy
-  **Control board** has connections for low or high voltage and is protected from accidental damage by a splash proof drip tray
-  **Almost zero** standby losses
-  **Smart heating controls** that improve room comfort and increase efficiency (OpenTherm and weather compensation)

Central Heating	InterSystem HE26 Boiler
Heat output range condensing mode	7.7 - 26.8kW (91,500 Btu/hr)
Heat output range non-condensing mode	7.0 - 26.2kW
SAP 2005/2009 annual efficiency	90.1/89.0%
Expansion Vessel Capacity	6 litres
<b>Other Data</b>	
Weight (Dry)	39 kg
Dimensions	W 450mm x D 270mm x H 810mm
Warranty	2 Years - Parts & Labour
<small>*Terms &amp; conditions apply</small>	10 years Heat Exchanger -Parts Only
